RESEARCH & STRATEGY

User Research | Usability Testing | Value Proposition | Competitive Analysis | Personas | Journey Mapping | UX Strategy

DESIGN & EXPERIENCE

Information Architecture | Wireframing | Interactive Prototyping | Visual Design | Iconography | Web Development

METHODS & MANAGEMENT

Accessibility (WCAG) | Design Thinking | Problem Solving | Empathy | Leadership & Mentoring | Product Strategy & Collaboration | Design Systems

SOFTWARE & LANGUAGES

Figma | InVision | Adobe CC | Axure | HTML | CSS | JavaScript

EXPERIENCE

08/2025 - Present

LEAD UX DESIGNER

ValueLabs — Plansource Account

Promoted to Lead UX Designer as the Plansource account transitioned to ValueLabs. Continue to partner closely with product managers, product owners, and engineering teams to drive UX from research through implementation, and lead the redesign and governance of the product design system to strengthen consistency, scalability, and accessibility platform-wide.

ACCOMPLISHMENTS

- Designed a scalable, role-based checklist workflow for client onboarding with **32+ steps**, streamlining navigation by reducing clicks, consolidating views, and unifying pages into interactive tabs. This **cut onboarding time by 30 days**, enabled self-service for reseller partners **(driving 17% revenue growth), improved retention by 21%, and lowered acquisition costs by 12%**.
- Unified two disparate design systems into a single framework, establishing principles that improved consistency, accessibility, and scalability while accelerating design decision-making.

07/2021 - 08/2025

SENIOR UX DESIGNER

Plansource Operations

Partnered closely with product managers, product owners, and engineering teams to drive UX from research through implementation. Led the redesign and planning of the product design system to strengthen consistency, scalability, and accessibility platform-wide.

ACCOMPLISHMENTS

- Spearheaded a complete overhaul of the HSA experience, simplifying employer setup and ensuring IRS compliance with clear contribution guidelines — **cut average admin task time from 38 to 21 minutes and reduced support tickets by 38%**.

EXPERIENCE

- Engineered prebuilt templates and automated messaging flows that **reduced average task time from 69 to 47 minutes and raised feature CSAT from 2.9 to 4.1**, while improving clarity and consistency in employee communications.
- Designed and launched an AI and voice-enabled chatbot to handle benefit queries and manage life-event workflows, **reducing human agent handoffs by 13% within six months** and improving support efficiency and user satisfaction.
- Optimized the benefits enrollment flow through usability testing and research, streamlining navigation and reducing friction — **driving a 22% increase in completion rates**, enhancing the onboarding experience, and **cutting average task time by 30%**.

08/2016 - 07/2021

SENIOR UX DESIGNER

Dataway Solutions

Led end-to-end UX design for high-impact government and IoT initiatives, including the design and development of a next-generation IoT platform.

- Delivered the MeitY-funded "Emergency Citizen Safety" initiative, establishing a centralized command center at the Rajasthan Skill Center headquarters that monitored 2,300+ cameras in real time.
- Rolled out a face-recognition-based attendance system across approximately 400 skill centers, streamlining workforce tracking at scale.
- Earned the India Today Digital Trailblazer Award from the IT Minister in recognition of the initiative's digital innovation impact.

10/2013 - 06/2016

SR. WEB & GRAPHICS DESIGNER

Paskon Inc

Contributed to the core product team, creating low-fidelity prototypes, detailed mockups, design principles, and web/graphic designs. Translated input from business and creative directors into simple, elegant design solutions, collaborating closely with product managers, developers, and marketing teams.

11/2012 - 10/2013

WEB & GRAPHICS DESIGNER

Wifi Networks

Designed and delivered a range of projects including print ads, branding, web and email promotions, illustrations, iconography, and motion graphics videos.

DESIGN CONSULTANT

Startup from the Himalayas

Guided a startup's transformation into a lean, design-led organization aligned with the **United Nations Sustainable Development Goals (UN SDGs)**. Conducted user research and diary studies to ground decisions in real user needs, accelerating design cycles and strengthening adoption. Led branding for a new product concept and partnered with the founder to shape the product vision and roadmap, accelerating time-to-market.

EDUCATION AND CERTIFICATIONS

- Bachelor of Computer Applications
- Professional Diploma in 3D
- UX Certification (IXDF)
